

X30 CHALLENGE CLASSES

(Categories 2-5 with same base engine)

1

X30 SUPER SHIFTER (15+)

175 cc new evolution 6-speed shifter engine. Unbelievable torque, 49 horsepowers and top speeds up to 150 km/h. Acceleration 3,0 seconds 0-100 km/h. Ultimate experience for drivers starting from 15 years of age.

2

X30 SENIOR (14+)

X30 Senior is the top for non-gearbox classes. The engine is 125 cc providing 30 horsepowers with excellent build quality. The engine's top rpm is 16000, top speeds up to 120 km/h and the class is for drivers from 14 years of age.

3

X30 JUNIOR (12-16)

Only the exhaust curve limited to 29 mm in diameter reduces horsepowers from Junior compared with Senior engine. Upgrading is easy and the value of the engine stays. The class is for drivers between 12-16 years of age.

4

X30 MASTER (30+)

Slightly more aged and more experienced drivers can compete in X30 Master. It's like X30 Senior but with a higher weight limit, so you can enjoy life a bit more. There's no road to Formula 1 available - game over, just enjoy racing! Age limit K30.

5

X30 CADET (10-13)

X30 family starts from X30 Cadet. Drivers between 10-13 years of age can race in this class. The rpm is limited to 14000 and the exhaust curve is 23 mm in diameter. Perfect entry class for young drivers - however it's never too late!
